### George B. McQuown of Chapin BOARD ORDERS VACUUM SYSTEM INSTALLED IN NEW BUILDING

Adopts Resolution Requesting Council to Submit Question of Changing to General Law at Next Elec-- Plumbing Specifications Cause Lively Discussion.

At an adjourned meeting of the board of education held Monday sional visitor in the city yesterday night a resolution requesting the council to submit the question of changing to the general school law was adopted and the architect was instructed to see to the change of the heating plant in the new eighth grade building to the vaccum system. The matter of changing the heating so that each of the three departments of the building can be shut off separately was considered and a lively discussion ensued when mention was made that plumbing specifications should be rigidly folattending to matters of business in lowed. The board heard S. W. Nichols on behalf of the first ward play

The Proceedings. The board met with all members present except Member Bavington; Mayor George W. Davis in the chair. Mesdames David Reid, James R. Watt, U. G. Woodman and E. P Cleary; Messrs. H. J. Rodgers, Andrew Russel, W. S. Badger and U. G. Woodman appeared requesting the oard to take necessary legal action to have the question of having the schools under the general law voted on at the coming spring election.

Member Hall presented a resolution reciting the circumstances and law directing the clerk to post the required notices and request the city council to include such notice and cause said election to be held at the time of electing members of the board of education. Adopted unan-

Member Hall called attention to the fact that as things were now arranged the whole system would have to be turned on or off together and suggested that the risers have valves or separate mains to the three main departments of the building Taken under advisement.

Member Wells called attention to the matter of plumbing fixtures, especially closets and moved that the Jacksonville Plumbing and Heating company be called on to follow specifications. This brought a lively discussion. Mr. Brown, of the contracting company said the board should go slowly in the matter as the specifications were so worded that the goods would have to be bought of one certain house which shut out competition and was con-Member Hall critie partial to one particular firm.

Other Changes Considered.

Member Wells called attention to the fact that the various skylight were supplied with common glass and a stone or brickbat thrown on any one of them might go down through and cause death or a deal of trouble and the board ordered wired glass substituted at an addiional cost of \$40.

Member Wells brought up the matter of some changes suggested in some partitions in the new building. No action, but the matter is to be considered.

The clerk was instructed to write Member Bavington and request that gentleman's presence at an early date to settle some important mat-

By courtesy of the board S. W. Nichols spoke of the play ground established in the first ward. He said if land could have been secured there would have been one in the third ward, but it was impossible to get a desirable location.

He said he felt that the enterprise was no longer an experiment and asked the board to consider the matter of granting a little financial help for the expenses of the present year in maintaining and equipping the ground as an educational matter. He said the mayor and council had been very courteous and obliging to the enterprise, doing what they could under the law in supplying team,

work and other things A very kindly sentiment toward the enterprise prevailed and while action was not asked at the time it will be brought up later. Adjourned

Julius E. Strawn was born December 2nd, 1835 in this county and would therefore have been 79 years old next December. He was a son of Jacob and Phoebe Strawn and as a child was frail and delicate. When ten years old he was sent to a private school conducted by Rev. Wm. Eddy afterward widely known for his missionary work. Subsequently he attended a private school conducted by Talmage Collins and Wilder Fairbanks and in later years attended the district school in which James Henderson and Paul Selby were teachers. In 1856 he became student in preparatory school of which Newton Bateman was the head and prepared for college work. He entered Illinois College in 1857 and graduated from that institution in

Following his graduation he was or a number of months New York agent for his father who shipped cattle extensively to that market. For a time afterward he was in Philadelphia and then returned to Morgan county and for a period of wo years was in charge of a portion of his father's lands in the eastern part of Morgan county. While the war of the rebellion was in progress he was appointed to membership on the staff of War Governor Richard

Thence he went to Munich and over the Alps by way of the Brenner Pass to Verona and Genoa, Italy. Subsequently with German friends he made a trip by coach to Nice over the Rivera. te returned to Italy and spent several weeks in Rome, again reaching Germany by the way of Geneva,

He was in Switzerland when advised of the serious illness of his sister Martha Strawn and making as rapid progress as possible he reached Queenstown and secured passage on the steamer City of London. Before he reached Morgan county however, his sister had died and he subsequently made his home with mother on the old homestead southwest of Jacksonville although he had active charge of his own lands in another part of the county. In 1882 Mrs. Strawn moved to Jacksonville and erected a handsome home which stands today on West College avenue. Since her death in 1906 this home has been occupied by the deceased and his brother Dr. David

Was Keen Business Man.

Mr. Strawn has long been regarded as one of the foremost business nen of Morgan county. In addition to acquiring a great deal of property himself, he inherited large realty holdings from his father and from his mother and under his direction and management his properties increased very largely in value and he was a man whose judgment was accounted as of very high class. For a great many years he was the president of the Jacksonville National Bank and has been identified with many of the larger business and financial affairs of the county. Mr. Strawn however was not interested in business alone for he paid a vast amount of attention to educational matters here in Jacksonville and and elsewhere. He was an exceedngly well read and highly educated nan and was thoroughly interested art and letters. He was one of ne most earnest supporters of the cksonville Art Association during the years which it flourished and was known as a patron of art with a large knowledge of the subject and a keen discrimination and taste in all matters relating to it.

In latter years it was something of a pleasure to him in view of Dr. Harker's success both at Whipple Academy and at Illinois Wowan's College to remember that he had been a strong factor in bring-

The story is of interest, emphasizing as it does the faculty Mr. Julius E. Strawn, long one of the strawn had of seeing the capabilities of other men and of securing them to work in affairs in which he himself was interested from a business or philanthropic stand-point. The fact of the earlier re-lationship existing between Mr. Strawn and Dr. Harker possibly had something to do with the interst that Mr. Strawn in latter years had in Illinois Woman's College. It will be remembered that his large gift to the college was the entering wedge for the successful campaign which was waged a year ago to place the college upon a sound financial

Within recent years Mr. Strawn had given liberally to the Y. M. C. A., and other institutions had also profited by his generous spirit. He doubtless had his own individual ways and mannerisms but he nevertheless was generous in spirit and contributed largely to various enterprises and to various people where his interest had been secured. Mr. Strawn had long been a member of State Street Presbyterian church and was active in his support of the church and its allied interests. He was frequently called in consultation by the various church boards and there as elsewhere his judgment and wishes were greatly respected.

### JAMES C. SWAIN SUES DIRECTORS OF DISTRICT NO. 40

Mandamus Suit Filed Monday Against Directors of School District--Will Test New Tuition Law in Courts.

James C. Swain, Monday afternoon by his attorneys, Worthington, Reeve and Green, filed mandamus suit against L. J. Stewart, George L. Stice and Edgar Cully, directors of School District Forty.

The petitioner declares document filed with Circuit Clerk E. D. Pyatt that he is a resident the aforesaid school district No. 40 in township 16, range 9 of Morgan county, and further, that said school district maintains schools in which grades from one to eight are taught, no grades above the eighth being taught. He further avers that no high school is maintained in said district or in township 16, range 9, of said county.

Mr. Swain further represents that he is the father of two children, namely: Horace R. Swain and Harold E. Swain, both residing with the petitioner and graduates of the eighth grade and who wish to obtain a high school education. Mr. forth with his impassioned spiel, Swain asserts that the Jacksonville with specious wiles and nerve to

Stice and Edgar Cully have refused and still refuse to approve his selection of the Jacksonville High School for his children or to pay the tuition charged by Board of Education for the attendance of the children at the Jacksonville school. It is alleged that the directors have also refused to grant permit for the children to at tend the Jacksonville high school or any other high school and still refuse to pay their tuition of \$60.00. The children above mentioned are in the third year and wish to complete their course next year.

Extinguished With Chemical.

What promised to be a very seriout fire Sunday night was averted by the prompt action of the fire department when flames in the second story of Hillerby's dry goods store were extinguished with the aid of a chemical engine. The loss will not be more than \$200 and is covered by insurance. The fire was discovered about 8:30 by Patrolman Moore and is said to have been caused by defective electric wiring.

The fire as stated was in the second story and began at a point near the front windows and so the flames were discernable from the street. As Patrolman Moore was walking through the park he happened to see the light through the glass windows and so gave the alarm. The response of the fire department was speedy and admission to the building was gained by breaking out the Chief Wood had the men use the chemical engine and in a short time the fire was out and the danger of extensive damage was past. Had water been used the damage would have been very large through to the shelves below where the piece goods are kept and in a stock of this kind water can cause as much loss as a fire. It was at first believed that the fire had been caused by some defect in the flasher connected with the electric sign but an examination showed that the box in which the flasher is stored on the outside of the building was not burned and so it was determined that the cause of the fire was from the wiring inside the building.

FOLEY KIDNEY PILLS What the majority of the people

vant is sure to be the best of its kind. That is why a majority of the people want Foley Kidney Pills for all kidney and bladder ailments, rheumatic troubles and urinary ir regular'ties. They know that once Foley Kidney Pills are taken, good results follow. Foley Kidney Pills are healing, tonic and strengthening. Their effect on weak, inactive, sluggish kidneys is prompt and positive. They are made with one supreme end in view; to give to sufferers from all disorders of the kidneys and bladder, no matter how affected, relief from their misery and strength from their weakness, driving out the cause of the trouble n the quickest and surest way. Kid-

ney trouble not only means the familiar symptoms of backache, pains in back and hips, weak back and soreners over the kidneys, rheumat ic pains and swellings. But it means also a dull headache, sleeplessness loss of appetite and energy, dizziness and impaired eye sight, and a nervous run-down and tiredout state of being that drives away ambition and energy. Men and women are alike subject to kidney and bladde ailments, and annoying urinary troubles that are a torment by day and a sleep-disturber by night. Fole Julia Newby. Inventory approved.

In the matter of the estate of John Farmer. Final report approved ture needs to restore their healthy action. We do not claim that Follow action. ## GIVES WHEAT UPY ARD BOOST

Corn, Oats, and Provision Quotations Remain Substantially Unchanged From Saturday Close.

Chicago, March 16 .- Enough complaints of dry weather and of winter killing came in today to give wheat an upward jerk. Closing prices were nervous, varying from a shade off the same as on Saturday night.

Interest in July Delivery. Buyers of wheat futures paid chief attention to the July delivery. May mand.

Corn Loses Early Advance. Corn lost an early advance, which had been caused by active purchasing on the part of leading houses and as a result of a good feeding demand in the west and southwest. Changes in the oats market hinged almost entirely on corn. Seeding was reported as having begun in central Illinois.

Provisions Demand Improved. Improved demand for provisions manifested itself whenever the market showed a bearish effect from the more plentiful supply of hogs. Buyers, however, were not inclined to follow up any advance.

sioners Brennan and Newman were ing year. the only ones present. Commissiontion introduced by Mayor Davis re- of the parks. commending that the entire park I make this as a recommendation system be turned over to the ex-

Mayor Davis said that the ordin-ance creating the park fund contemplated this thing and that the resolution was presented simply to establish further the rights of Nichols park board to take exclusive charge of the park system. In the past Commissioner Newman through his department has had the management of Central and Duncan parks and purchases for all parks have been made through the office of Commissioner Knollenberg.

After the roll call and the reading of the minutes a communication was read signed by Paul B. Fritchy as secretary of the Chamber of Commerce asking Mayor Davis to make an appointment of a committee from the city council to act in conjunction with representative of the Womans club and the Civic league to arrange for a Jacksonville clean up week. Mr. Newman said he was in favor of the unitd action but that he wanted the city's part paid from the general fund. No action was taken in this regard although Mayor Davis and Mr. Newman voted favorably upon the proposition to appoint some one to act on the proposed committee. Mayor Davis said he was in favor of clean up week and in the city helping but thought that the expense other than for the street cleaning should be borne by the individual property owners and that such property owners should not expect to have their rubbish and trash hauled en as follows: away at the city's expense.

Election Called for April 21. The clerk read an ordinance providing for an election to be held on Tuesday, April 21st, for members of the board of education in the third ward. The polling places were designated as follows: Third ward voting booth in the rear of the jail, and D. W. Howe's store on South Clay avenue; 4th ward, Carpenter & Tonn building on W. Morgan street and the voting booth on South Fay-

ette street.

The resolution which Mayor Davis extended discussion places the uil control of all parks in the hands board and makes the ected for park maintenance. In ie discussion which followed the presentation of the resolution, Mr. Newman referred to the history of park management during several years and condemned the action of the council in time past of causing the removal of park board members because they failed to carry out certain wishes of the council. Mayor Davis said that so far as the last board was concerned that he had not

removed the members but that terms

of office had expired. Mr. Imgrund stated that the present board was simply anxious to find out exactly where it stood with relation to all the parks and that the desire of the board was to render all service possible. He said that mem-bers of the board had planned a annual convention of the Illinois schedule whereby one member at Laundrymen's association, Fred C. least would be present at the park Schwedtman, representing the naevery night of the week during the tional association of Manufacturers and ice are gone. season that the park is open. During the early part of the deate Mr. Newman was wholly oposed to the resolution but he subsquently decided that the purpose vas to bring to pass a management without interference on the part of he council and he voted for it. At he same time, Mayor Davis stated that he would recommend to the board that Mr. Newman be chosen Time "Pape's Diapepsin!" ### WILL PUSH CAMPAIGN FOR JUDGE BALDWIN'S CANDIDACY

Reports From Various Precincts are Favorable But Special Effort Will Be Made to Remind Voters of the Duty of Getting Out Election Day, March 24th.

A number of Democrats interested in the candidacy of Judge F. E. Baldwin for the nomination for the circuit judgeship held an informal conference last night. Reports were heard from various precincts of the county and from other points in the district and were all of the most favorable character. From this date forth until the primary election next Tuesday, March 24th, a very active campaign is to be carried on. Judge Baldwin's friends are agreed that all he needs to make certain his nomination and election is a good vote in Morgan county. ### FATHER DORNEY DIED AT HOSPITAL IN CHICAGO

Famous Stock Yards Priest Was Known in Both Europe and America-Entrusted With Many Important Missions-He Is Credited With Clearing Parnell, the Irish Leader, of Charges Made Against

Chicago, March 16 .- Rev. Maurice Dorney, a Chicago Catholic priest, hose name is familiar on both sides f the Atlantic, died Sunday at Mercy hospital, where his sister is one of the nuns in charge. Death was due to paralysis, following heart trouble, which attacked him a ow weeks ago. Archbishop Quigy was present at the bedside shortly before Father Dorney became unconscious.

The stock yards priest, Father Maurice J. Dorney, "the king of the yards," was one of strongest and most picturesque character in the west. Counselor, protector, friend to thirty-five years of the ruler of a industrial centers in the worldthe packing house district of Chicago. His prestige extended to the white house in Washington, and on a memorable occasion he earned the gratitude of Celts everywhere as trusted envoy from the Irish leaders on this side of the Atlantic to Charles Stewart Parnell in London.

Kept Saloons From Parish. What is said to be the most Irish parish outside of Ireland, was Father Dorney's official charge-St. Gabriel's, at Forty-fifth street, the nearest Catholic parish to the main entrance to the stock yards. No more evidence is needed to illustrate the force of his personality than the fact that by his efforts a mile square of territory surrounding his church has for twenty years been absolutely free from the presence of a saloon.

Perhaps the meeting of Parnell and Father Dorney in the house of commons at London will be the pub lic incident to be longest remembered in the civic life of the priest. Father Dorney it was who there delivered to the Irish parliamentary leader the documents which showed that the informer Pigoti's accusations against Parnell were based on forgery.

Helped Clear Parnell. The Pigott charges, which formed an elaborate attempt to link Parnell with crime upon crime had threatened to bring about the expulsion of Parnell from the commons and to cause the wrecking of ome rule for Ireland. Largely as the result of Father Dorney's successful mission the prosecution suddenly collapsed and Pigott not long after committed suicide in Spain.

Father Dorney had been intrusted with the documents by his lifelong friend, Alexander Sullivan, president of the Irish National league of America, and by Patrick Egan, former treasurer of the Irish Nation league of Ireland, and later United States minister to Chili.

Father Dorney was educated in
